December 14, 2021

Dear Valued Customer,

We cannot thank you enough for your continued support through this year. But with the continued constraints on supply chain and increases on raw materials, we find it necessary to implement yet another price increase.

Effective January 1, 2022, Creative Polymer Solutions will increase prices on open cell insulation by \$0.05/ and closed cell and roofing foam by \$0.10/#.

Thank you again for your continued support. If you have any questions, please reach out to your account representative for any additional information.

Sincerely,

A handwritten signature in black ink that reads "Charlie Rose". The signature is fluid and cursive, with a large initial "C" and "R".
